

ANNUAL REPORT OF THE MEDICAL
OFFICER OF HEALTH,
FOR THE YEAR 1925.

"RIVERSDALE"

LONDON ROAD,

HIGH WYCOMBE.

TO THE CHAIRMAN & MEMBERS OF THE LONG CRENDON
RURAL DISTRICT.

GENTLEMEN,

I have the honour to submit to you my Annual Report on the health of the District for the year ended 31st. December 1925.

In accordance with the requirements of the Ministry of Health, I have to deal fully with matters that perhaps may be well known to some, but as the Report goes beyond your District, it may carry new and perhaps interesting information to others. It is a "Survey Report" which has to be compiled every five years.

SANITARY INSPECTION OF DISTRICT.

Water Supply.

There has been no alteration in the sources of Water Supply in the District, which is derived from wells and rainwater tanks. During the year seven samples were taken for analysis; six were reported as "good" and one of "bad" quality.

Scavenging.

No system of scavenging is undertaken by your Council. Refuse is generally disposed of by burning and placing on the garden. No change has been made in the system.

Closet Accommodation.

These are earth-closets and privies, and are of the type usually found in agricultural districts, and appear to be satisfactory. Six earth-closets and privies have been repaired during the year.

Drainage & Sewerage.

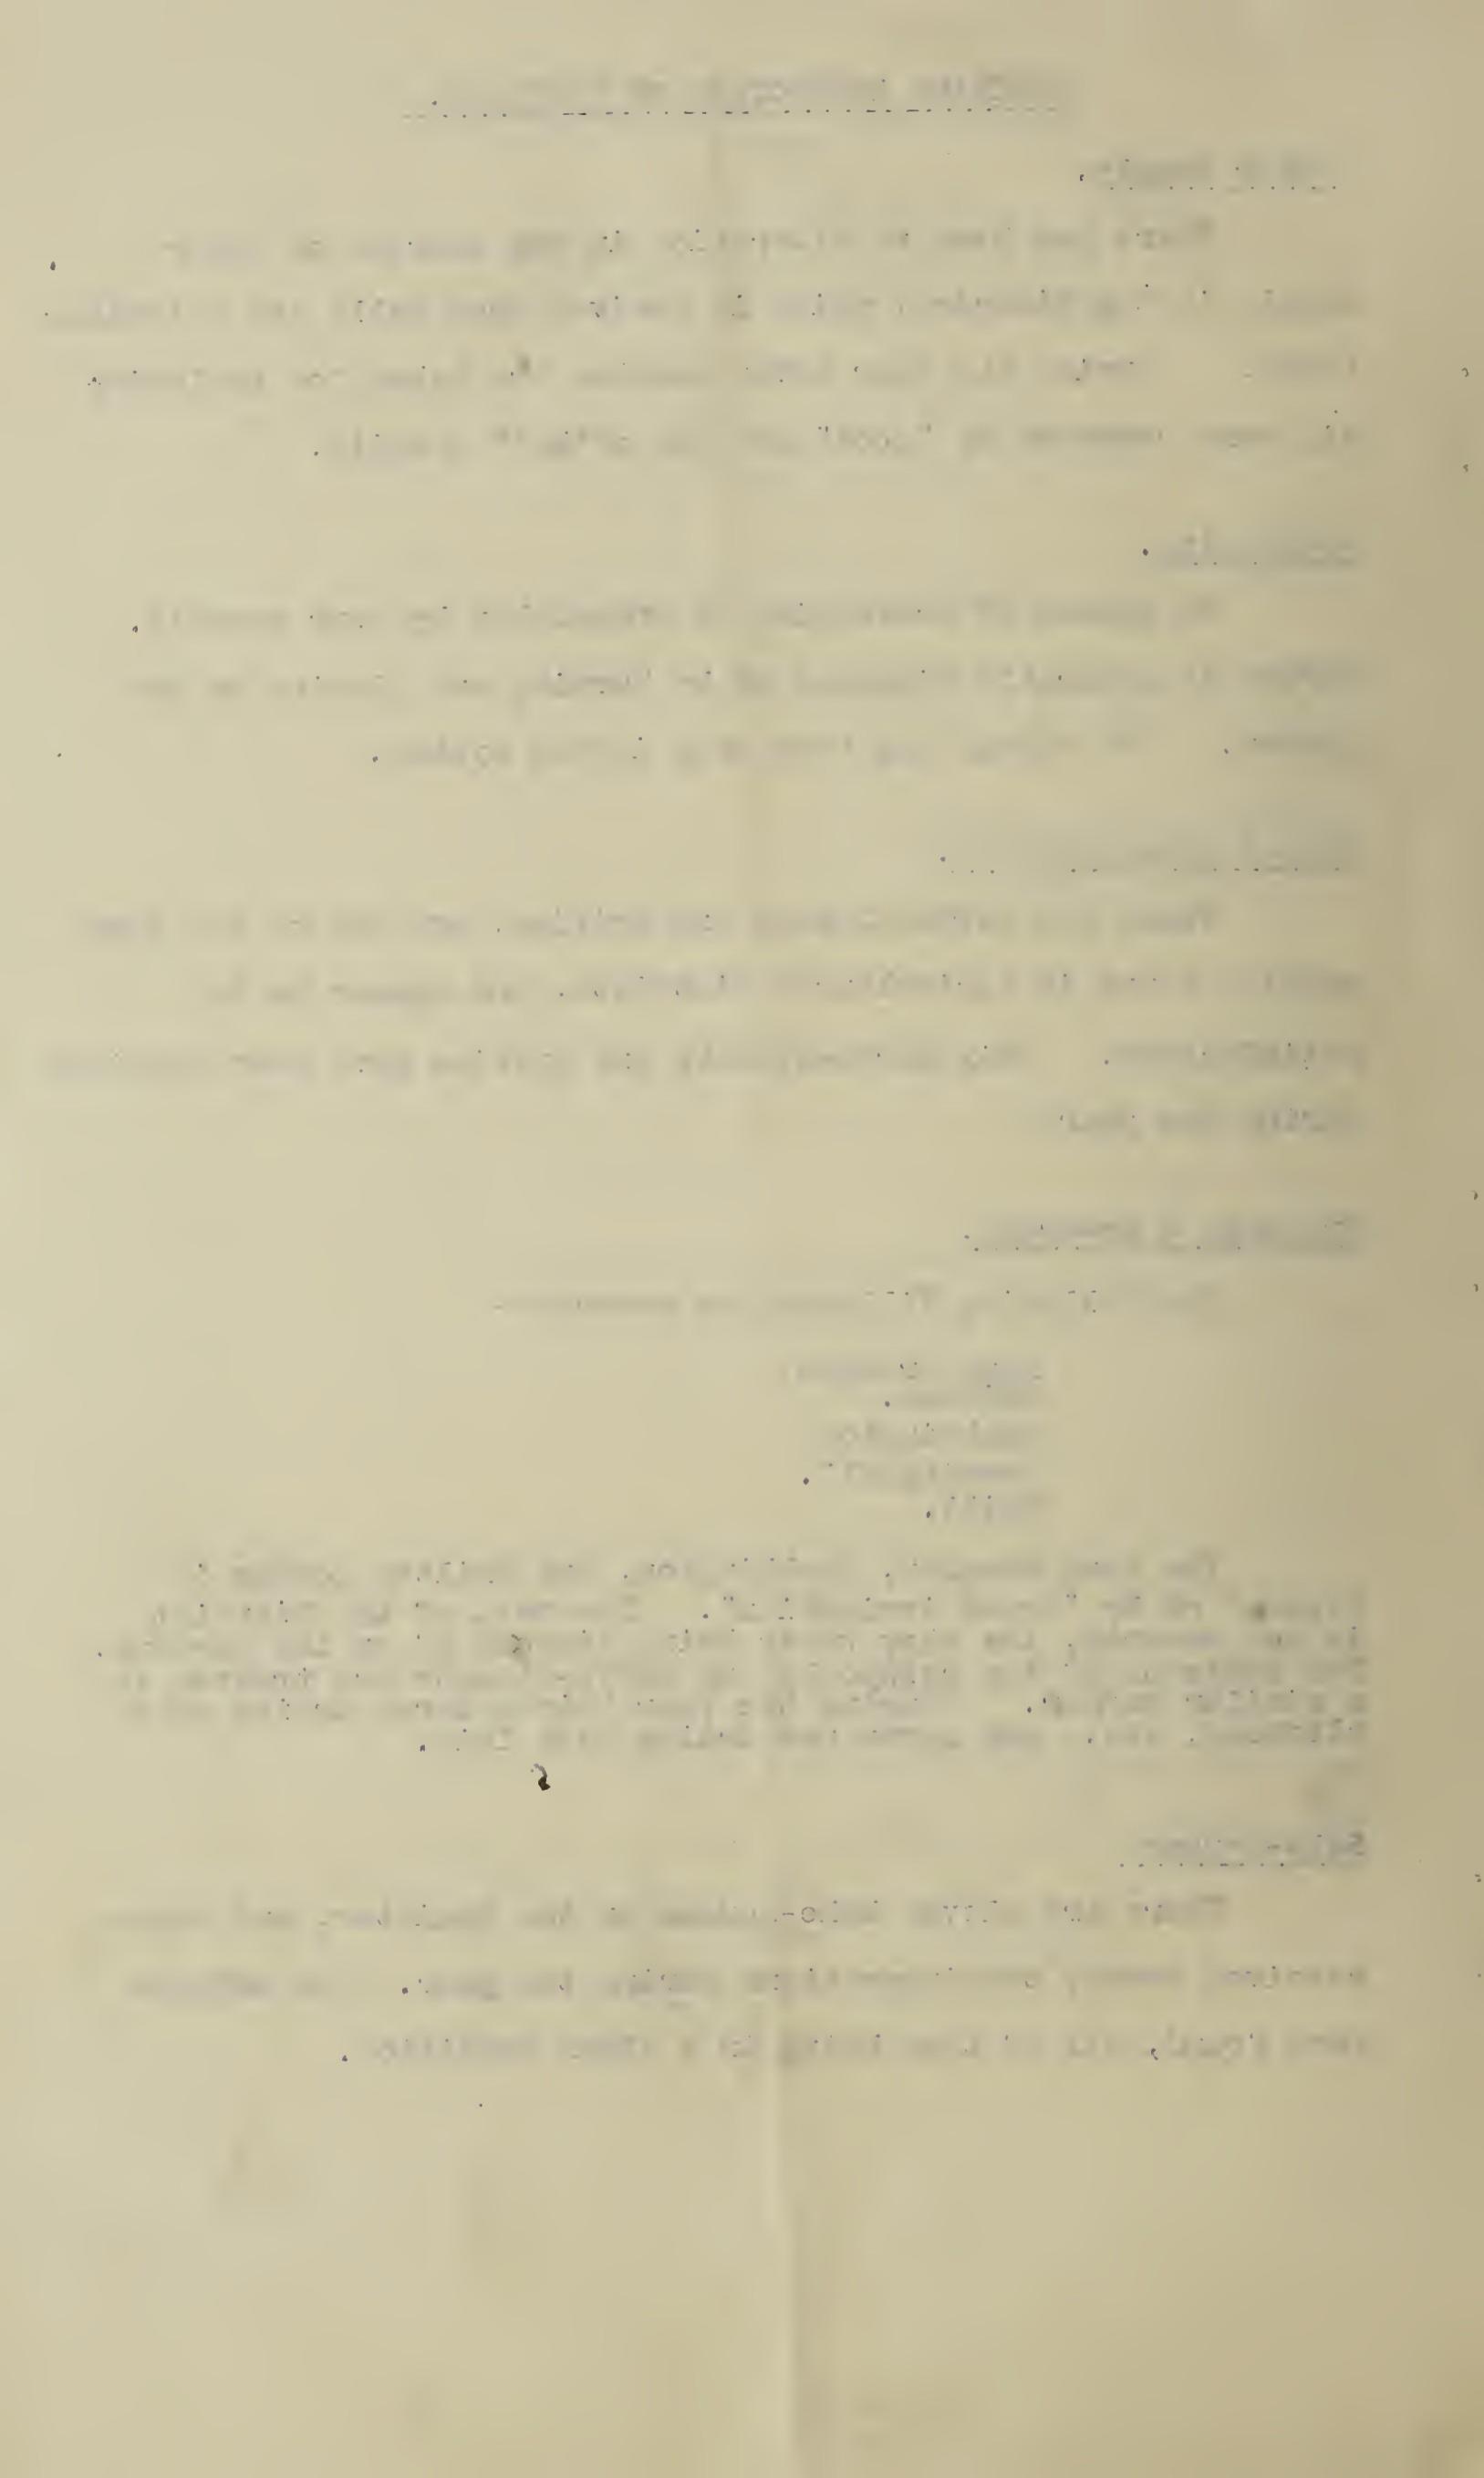

The following Villages are sewered:-

Long Crendon.
Chilton.
Shabbington.
Wormingham.
Brill.

The Long Crendon, Shabbington, and Chilton sewage is disposed of by "broad irrigation". The rest of the District is not sewered, the slop water being disposed of on the gardens. The contents of the cesspools and earth-closets are treated in a similar manner. During the year thirty three drains were cleansed, etc., and seven new drains were laid.

Bake-houses.

There are eleven bake-houses on the Register, and these received twenty two inspections during the year. No defects were found, all of them being in a clean condition.
